CrystalLane™
DIY

Transform your creations into shimmering wonders with hot fix crystals – the magical embellishment that adds sparkle and color to any project! Hot fix crystals are like dazzling gemstones with a heat-activated adhesive backing, perfect for effortless and precise embellishments on fabrics, accessories, and crafts. The “hot fix” aspect refers to the method of applying them, which involves using heat to activate the adhesive so that it bonds securely to the surface. There are 28 colors in our collection. Crystal and Crystal AB in **ss6**, **ss12**, **ss20** **ss30** and **ss34**. We have 26 additional colors in **ss12**, **ss16** and **ss20**.

HOTFIX APPLICATOR WAND

7 TIPS

CrystalLane™
DIY

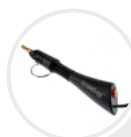

A hot fix applicator is a handheld tool specifically designed for applying hot fix rhinestones or other hot fix embellishments onto various surfaces. Hot fix applicators are essential tools for anyone working with hot fix rhinestones, making the process of applying them quick, precise, and efficient. Our applicator has seven tips that you will use to apply different sized rhinestones. We have also included a starter pack of crystals so you can start to experiment right away.

WHITE & TEAL TRAYS

CrystalLane™
DIY

Level up your bling game with our rhinestone craft Trays and Pick Up Stick combos. You will not believe how much these trays can help you. The pickup stick is just like a pencil, except instead of a lead color, there is a wax insert which you can sharpen as needed like a regular pencil. The wax tip, when applied gently to a crystal, will pick it up, so you can place it where you need it.
